

1.

PLANET NOISE Launch July 2, 2001

Transmission
 Digital streaming and download on www.planetnoise.com
 Live action at selected landing sites
 CD & vinyl from the planet coming soon

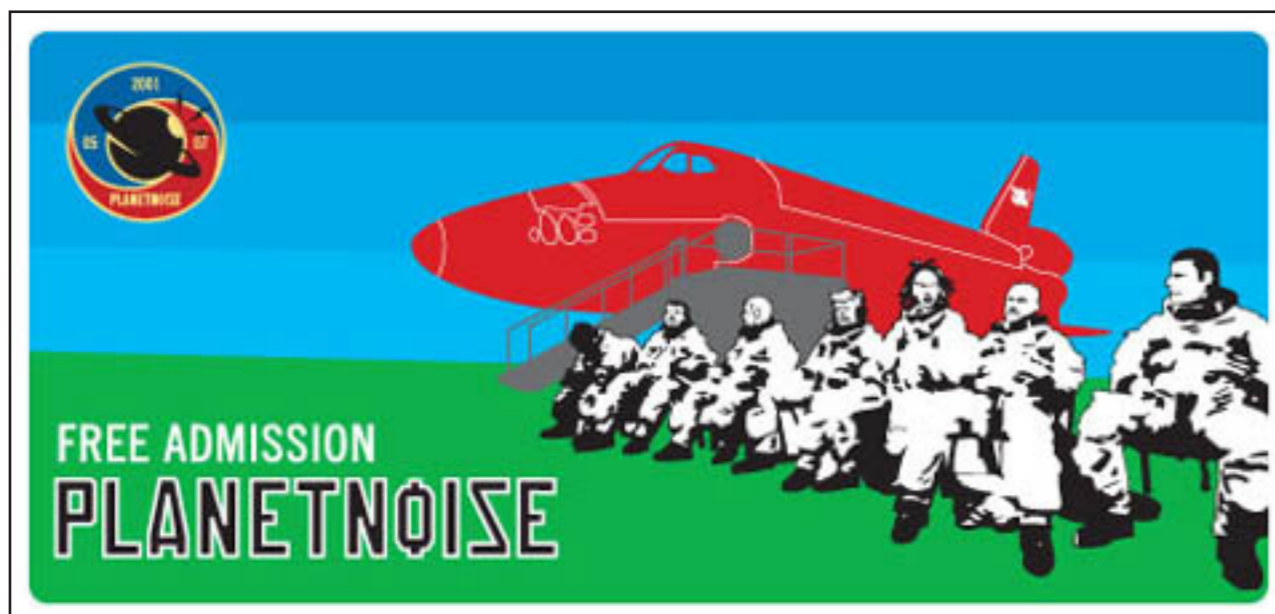

Recent Events
 Investigation results—The planet is inhabited by small, animated creatures.
 All the inhabitants have one thing in common, they love the kind of music you usually hear in dark, damp clubs on earth.
 Names connected to the planet—Arlido Dildo, DJ Nils Noa, Trutz & Robin, DJ Ariane and Voidspace.
 Other—Traces of new inhabitants on the planet has been observed.
 All subsystems report good health and status.

Upcoming Events
